Fort Collins, CO- Firefighters responded this morning to what became three vehicle fires in a parking lot on the Colorado State University Campus. When the fire was first reported it only involved one vehicle. CSUPD Officers first arrived on scene to find one vehicle fully engulfed in flames and spreading to two others. The officers attempted to stop the fire spread using fire extinguishers however the fire was too large. When firefighters arrived they were able to contain the fire to the three vehicles of which all incurred major damage.

PFA and CSUPD Investigators are working to determine the origin and cause. The fire is considered suspicious. No additional information is available at this time.
