

Hoarding Task Force Intervention Model

Our **purpose** is to provide support for hoarders and improve interagency hoarding coordination.

The task force is an all-volunteer group comprised of health agents, first responders, medical and mental health professionals, social service providers, attorneys, and private business owners who are committed to working together to resolve complicated cases in a compassionate, professional manner.

BENEFITS OF TASK FORCE

- Increased knowledge
- Increased education of agency members
- Streamlined inter-agency communication
- Single point of contact
- Ongoing maintenance care and follow-up
