Fire Prevention Bureau Policy

Policy Number: P-98-903.4  Title: Fire Alarm Monitoring - Commercial  IFC Reference: 903.4

Date Revised: 01/01/00, 08/17/10, 01/01/15  Original Issue: 12/1998  Fire Marshal: [Signature]

Information Bulletin: N/A  Total Pages: 1

Scope:
All required alarm systems installed after the adoption of the 1997 Uniform Fire Code in December 1998 are required to be monitored and supervised by a listed remote or central station service. A monitoring contract is required to be maintained at all times.

Policy:
All required alarm systems installed after the adoption of the 1997 Uniform Fire Code in December 1998 are required to be monitored and supervised by a listed remote or central station service. A monitoring contract is required to be maintained at all times.

Existing fire alarm systems in all groups E, H, I, and R occupancies shall be monitored and supervised by a listed remote or central station service. A monitoring contract shall be maintained at all times.

A monitoring contractor shall be identified conspicuously at the fire alarm panel. This identification shall include monitoring company, 24-hour contact number, system identification number, and address of central or remote station.
